2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: Claim 17 includes amended material underlined that was already included in the amended claims filed on 01/30/2007 (See "a storage system having a volume...database system" as an example) . It is unclear what is considered new and with these amendments. Moreover, the 01/30/2007 claim 17 claimed a return path selector, whereas the 09/21/2007 claims claim a request path selector. . The return path selector is not crossed out to indicate that it was replaced, nor was the request path selector underlined to indicate that it was added to the claim. Furthermore, the limitation of "first connection over the network or the first data path...query results" in the 01/30/2007 claims are not even present in the 09/21/2007 claims. No indication that they were crossed out is depicted in the 09/30/2007 claims. .
